What is the value of a Brand?

Hyundai is one of the biggest consumer brand names in the world.

As a long established international brand, Hyundai Energy Solutions solar panels have been installed within Australia for over 10 years. In 2019 we increased our product warranty to 25 years.

By purchasing panels from a trusted and well known consumer brand, you're making a safer investment for the long term.

Why choose Hyundai solar panels?

ANTI-LID / PID

Both LID (Light Induced Degradation) and PID (Potential Induced Degradation) are strictly eliminated to ensure higher actual yield during lifetime.

MECHANICAL STRENGTH

Tempered glass and reinforced frame design withstand rigorous weather conditions such as heavy snow and strong wind.

CORROSION RESISTANT

Various tests under harsh environmental conditions such as ammonia and salt-mist passed.

UL / VDE TEST LABS

Hyundai's Research and Development Centre is an accredited test laboratory of both UL and VDE global safety certifications.

25 YEAR PRODUCT WARRANTY

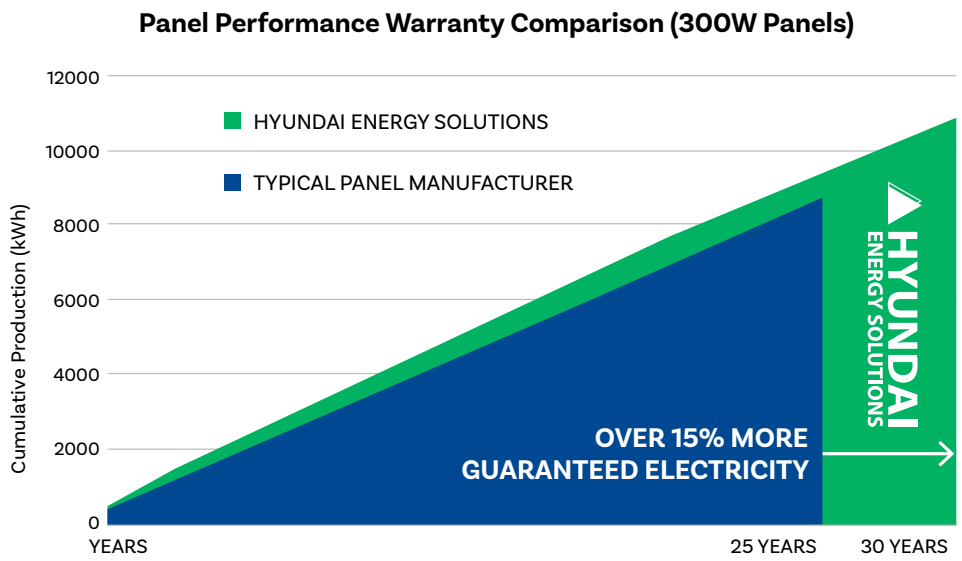
Hyundai Energy Solutions have a market leading product warranty for our heavy duty 300W RG Series solar panels.

Hyundai want you to have more real electricity production...

You deserve more!

Hyundai purchasers get more guaranteed electricity from year one!

25 YEAR PRODUCT WARRANTY



Hyundai Energy Solutions REAL WARRANTY is underpinned by a 50 year old business that turns over $40 billion USD per annum.

Hyundai Energy Solutions are profitable and operate using sustainable business practices, only manufacturing ethical products.

Every Hyundai solar panel sold in Australia is commercial grade and warranted by Hyundai Energy Solutions, Sydney.

Hyundai Energy Solutions offer more electricity guaranteed from year one of ownership.

ENERGY SOLUTIONS

A lot can happen in 25 years in a Hyundai solar household

2019

Family installs a Hyundai Solar System

Their son is born in the same year. He will grow up in a Hyundai house where comfort doesn't mean big bills.

2024

Invested in Energy Storage

Son is now five years old. Family enjoys air-conditioning in Summer and heating in Winter.

2035

Electric Vehicle

As a sixteenth birthday present, they buy their son a Hyundai electric vehicle which gets charged from their Hyundai solar system.

2038

Online Energy Trading

Their son is now 19 years old. He moves out, rents a house & buys his power off his parents.

2042

Warranty Transfers on Sale

Family sells their home. The warranty on their Hyundai solar panels are fully transferable. Peace of mind for the next family to enjoy.
